- Information about new plots/areas has to be provided to BCS prior to cultivation. All documents necessary for the subsequent recognition of these plots have to be provided to BCS latest two weeks after inspection was carried out.
- Make sure that all inputs, products, ingredients and processing-aids used are consistent with respective regulation. In case of any doubt regarding the consistency please contact BCS.

We hope that this will help you to implement the appropriated measures.

Thank you very much for your confidence and cooperation. We remain at your disposal for any further question that may arise.

With best regards

BCS Öko-Garantie GmbH
